

## How to get to the Cancer Research UK London Research Institute

**Cancer Research UK London Research Institute**  
**Lincoln's Inn Fields Laboratories**  
**44 Lincoln's Inn Fields**  
**London**  
**WC2A 3LY**

**From Heathrow:** The Heathrow Express takes 15 mins to reach Paddington Station (see directions from Paddington Station below). Alternatively, you can get on the tube from within Heathrow Airport, taking the Piccadilly Line directly to Holborn (approx. journey time 1hr).

**From Gatwick:** The Gatwick Express takes 30 minutes to reach Victoria station (see directions from Victoria Station below).

**From Stansted:** The Stansted Express takes 40 minutes to Liverpool Street Station. Change and take the westbound Central Line tube to Holborn.

**From Waterloo Station:** Take the northbound Northern Line to Leicester Square. Change to the Piccadilly Line to Holborn.

**From Paddington:** Take the southbound Bakerloo Line and change at Oxford Circus taking the eastbound Central Line to Holborn.

**From King's Cross St Pancras Station:** Take the southbound Piccadilly Line to Holborn.

**From Victoria Station:** Catch the northbound Victoria Line, changing at Oxford Circus onto the Central Line to Holborn.

**From Holborn Underground Station,** exit the station on to Kingsway, continue down the left hand side of this street for about 2 minutes until you reach a bar called All Bar One. Here, turn left into Remnant Street then right to walk down the western side of Lincoln's Inn Fields. The large red-brick and glass building you can see on the southern side of the square is the Cancer Research UK London Research Institute.
